

# Paloma Lake MUDs One & Two

## Drought Restrictions

### No Restrictions Currently in Effect in 2020

While no mandatory restrictions are currently in effect in 2020, the City encourages you to practice smart water usage this summer. Only water on your [designated day\(s\)](#) *if needed* and keep in mind that [water waste](#) is always prohibited.

Outdoor Watering Schedule	
Property Type	Watering Days
Residential Odd-Numbered Address	Wednesday and/or Saturday
Residential Even-Numbered Address	Thursday and/or Sunday
Commercial, Industrial, Multifamily, Institutional, Government	Tuesday and/or Friday

### Stage I Drought Restrictions:

If you choose to water your yard, it can only occur on one of your [designated watering days](#), and **not** between the hours of 10 a.m. and 7 p.m. Watering by hand is allowed on any day at any time.

**The following activities are allowed in compliance with the watering schedule above:**

- outdoor watering
- foundation watering
- washing vehicles at a private residence
- filling swimming pools or spas
- golf course irrigation
- operating water features and fountains that DO recirculate water
- charity or fund-raiser car washes

### Not allowed:

- street, sidewalk, patio washing
- operating water features and fountains that DO NOT recirculate water

### Exclusions:

- commercial car washes
- commercial plant nurseries
- commercial power/pressure washing companies
- athletic fields where field is in use (organized youth, amateur, or professional sports)
- necessary usage to protect the health, safety, and welfare of the public (i.e. washing garbage trucks and vehicles used to transport food or perishables)
- irrigating using other sources of water, such as groundwater from a private well, reuse water, or rainwater.
