

Notice: Stage 2 Water Use Restrictions In Effect

Consistent with the District's Drought Contingency Plan, which is required by State law, the District will implement **Stage 2** mandatory watering restrictions effective March 25, 2021 in an effort to manage the take-or-pay purchase requirements of the District's wholesale water supply, conserve the District's water resources. The goal for Stage 2 is to achieve a 10% reduction in average daily water use. Under Stage 2, automated landscape irrigation is only permitted before 4 a.m. and after 8 p.m. on the following designated watering days:

Address Ends In	1 or 7	2 or 8	3 or 9	0 or 4	5	6
Watering Day	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

Additional restrictions regarding washing vehicles, filling swimming pools, fountains and ponds, use of water from hydrants, wasting water also apply. Violations of the watering restrictions will be subject to a fine, and repeat violations may be subject to termination of water service.
